

## LEWIS CALLS NEW CONFERENCE OF MINE WORKERS

### To Consider and Authorize Settlement of Coal Strike on Basis of 31 Per. Cent Wage Increase

**Says he Will Recommend no Other Settlement--Denies Operators Offered 25 Per Cent. Increase**

**RALPH COUCH**  
(United Press Staff Correspondent.)  
Washington, Nov. 24—A new conference of the United Mine Workers will be called to act upon the settlement of the strike, John Lewis, miners' leader, said today.  
Reconvening of the miners would take four days. Lewis explained that at the last conference at Cleveland the union officials were ordered to get 60 per cent wage increase, and a thirty hour week and any compromise of these demands would have to be referred to the commission.  
"We shall not recommend settlement on any other basis than the 31 per cent increase, as proposed by Secretary of Labor Wilson," Lewis denied that the operators are prepared to settle on a basis of 25 per cent increase. The operators have made no offer other than the 20 per cent, he said.  
Fuel Administrator Garfield was considering the calling of a joint conference of both operators and miners to be held late today.

## McAdoo Protests Increased Coal Prices

New York, Nov. 24—Wm. McAdoo in a telegram today to Fuel Administrator Garfield, said that in 1917 "many mine owners made shocking profits on bituminous coal" and said that the operators' contention that the public pay the increase wages was unjustifiable.  
On the behalf of the people who are already overburdened with high prices, he urged that the coal operators be not permitted to impose any additional charge on the public until a careful examination has been made of their income tax rate, filed with the treasury department for the years 1917 and 1918.

## Mexican Reply Expected Today

Washington, Nov. 24—Mexico's reply to the American note demanding the release of Wm. O. Jenkins, U. S. consular agent imprisoned at Pueblo, is expected to be placed before Secretary Lansing today or tomorrow, it was learned at the state department today.  
It was reported that the Mexican answer would be evasive and that the release of Jenkins would be refused on the ground that he is alleged to have conspired with anti-Carranza rebels. This government, however, believes Mexico will release Jenkins and possibly make an apology, it was learned at the Mexican embassy after receipt of a message from Mexico. It was declared no crisis exists and nothing would develop from this episode.

Washington, Nov. 24—What is regarded as a "fooler" from the Mexican government to test America's temper in the present crisis, was put out today in Washington. Word was spread that unofficial advices indicating Carranza in his reply to the United States note demanding the immediate release of Wm. O. Jenkins, are that Jenkins is not entitled to diplomatic immunity and therefore can not be set free at once.  
According to this information the Mexican answer will take it for granted this government was misinformed as to the case and that it is one for Mexico to settle, and that the American representative will have to go to trial on charge of collusion with bandits.

## Labor Party Wants to Impeach Judge

**Who Issued Injunction Restraining the Striking Miners—Injunction Unconstitutional**  
(By United Press)  
Chicago, Nov. 24—A resolution demanding the impeachment of Judge Anderson, Indiana federal district judge, was adopted unanimously by the national labor party in a convention here today.  
Ten thousand copies of the resolution were ordered printed and circulated throughout the United States. The resolution was drawn by Robert Buck, editor of a Chicago labor organ. The resolution cites Judge Anderson's action in granting an injunction against the coal strike as "unconstitutional."  
In the resolution a protest against the deportation of Hindus, alleged to have been engaged in revolutionary activities, was adopted. The document contended the return of those persons to India will mean their death because of the revolutionary activities there against British rule.

## Reported Miners Armed With Machine Guns

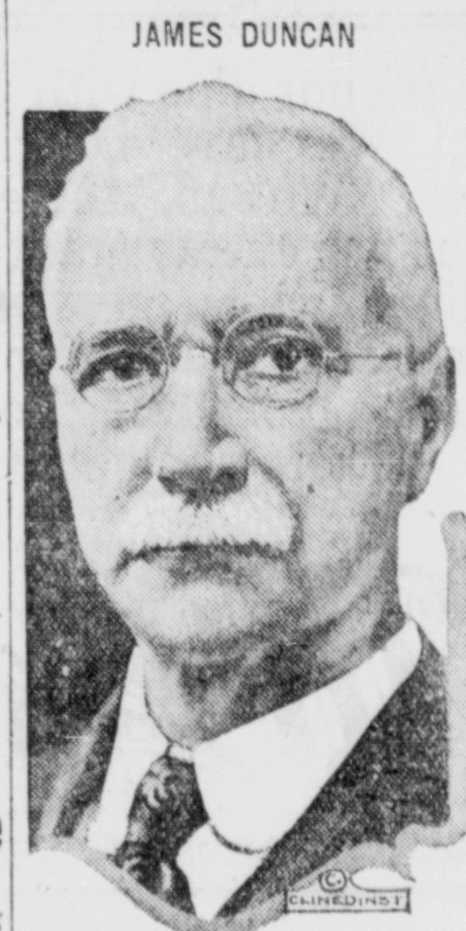

**Governor Davis of West Virginia, With 5 Companies of Troops Enroute to Disarm Them**  
(By United Press)  
Richmond, Va., Nov. 24—Following reports that a band of miners had armed themselves with machine guns, Governor Davis of West Virginia, and five companies of state militia today were enroute to Lee county.  
A certain element among the miners alleged to have refused to allow other men to return to work. They are reported to have mounted machine guns in the mountains and forced other men to stay out. Lee county is in the extreme west portion of the state.

## Labor Party Holds National Convention

**Non-Partisan Delegation From Minnesota Undecided Whether to Participate**  
(By United Press)  
Chicago, Nov. 24—Delegates attending the national labor conference party convention here completed work on organization today. The platform was being drafted and probably will be submitted tomorrow.  
A resolution demanding "naturalization of reds" was tabled by the convention because representatives of farmers again protested. Duncan McDonald, president of the Illinois Federation of Labor, declared there were "sixty million reds in this country, and it is Judge Anderson and Mr. Gary who have caused them." The Non-Partisan delegation of four from Minnesota was still standing on the side lines today. They withdrew from the convention declaring they did not wish to lose the identity of the Non-Partisans in the labor party.

## Royal Decree Imminent Reducing Army

**(By United Press)**  
Rome, Nov. 24—A royal decree is imminent entirely reforming the army and extending conscription to all citizens, newspapers declared today. The decree will reduce the standing army to a minimum peace time strength according to newspapers.

James Duncan is first vice president of the American Federation of Labor.

## Coal Settlement Up to Wilson

**Cabinet Will Go Over All Proposals for Settlement at Meeting Tomorrow. Operators Want Government to Assume Responsibility of Raise**

**RALPH COUCH**  
(United Press Staff Correspondent.)  
November 24—Settlement of the coal strike is expected to be put squarely up to President Wilson after the meeting of his cabinet tomorrow.  
The cabinet is slated to go over all proposals, the failed proposals as well as the counter proposals. The operators' contention that the public will have to pay for the higher wages if the demand of the miners is met, probably will be placed before President Wilson and his advice sought. Attorney General Palmer, Rail Director Hines and Judge Ames, Assistant Attorney General, plan to confer on the situation today. Fuel Administrator Garfield was expected to be present.  
Miners and operators were scheduled to resume under their joint conference this morning. This however is likely to be postponed until after the cabinet meeting tomorrow. Coal operators are waiting for the government to assume the responsibility for increased fuel prices. Operators would hear from Garfield today with whom they asked a conference Saturday. They declare they will not, unless ordered by the government, go beyond the offer made to the miners of 20% wage raise, which would increase prices 35c a ton to consumers.  
The miners contend the government already has given this order through Secretary Wilson, who proposed a compromise price of 31% increase.

## Burial of I. W. W. Organizer Who Was Lynched After Reds killed Four Ex-Service Men in Armistic Day Parade

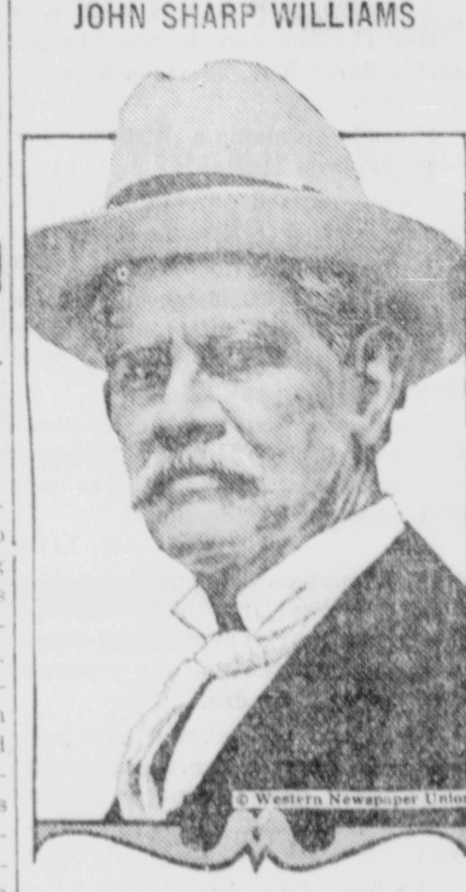

This photograph shows an improvised coffin containing the body of Wesley Everett, I. W. W. organizer, who was taken from jail and lynched at Centralia, Wash., after a volley fired from the I. W. W. hall killed four ex-service men in an Armistic Day parade. No undertaker could be found to care for the body, so it was placed in a box and taken in a moving van to the pauper's section of the town's cemetery. The grave had been dug by rounded-up Reds who were taken from jail under guard for the purpose.

## Mass Meeting Broken Up by Report That Wilson Died

**Vice President Marshall Was Addressing Meeting—Search Being Made for Man Making Report**  
(By United Press)  
Atlanta, Ga., Nov. 24—Police today were searching for the man who last night broke up a mass meeting which Vice President Marshall was addressing by starting the false report that President Wilson was dead.  
Marshall was eulogizing the memory of Washington and Lincoln when a policeman rushed up and whispered to Chas. Hoden, a prominent Atlantan, who told Marshall that he was wanted at the long distance telephone from Washington, as President Wilson was dead. The vice president staggered for a moment then addressed the audience saying:  
"I can not continue my speech, I must leave at once to take up my duties as chief executive of this great nation. I can not bear the burden of our beloved chieftain unless I receive the full assistance and prayer of this country."  
With this he left the stage. Not a sound was heard until Governor Dorsey arose and asked that the benediction be pronounced. Several women began weeping. The organizer started playing "Nearer My God to Thee."

## Huge Job Confront Congress This Session

**A Great Deal of Legislation of Unusual Importance Must be Considered and Passed**  
(By United Press Staff Correspondent.)  
Washington, Nov. 24—A crowded docket will confront congress when it meets for the regular session Dec. 1st.  
Included are the German treaty and league of nations, the Lodge resolution declaring the war ended and half a dozen other treaties coming out of the war, the Mexican situation and many reconstruction questions.  
Domestic questions pressing for attention, include the return of railroads, development of the merchant marine, legislation to stamp out bolshevik, reorganization of an army on a peace basis, establishment of the naval policy, tariff legislation, development of public lands and natural reconstruction, encouragement of Americanism and appropriation of several billions of dollars to run the government through the fiscal year beginning July 1, 1920.  
In addition to this program congressmen partake in the political campaign which will get under way soon after the Christmas holidays. One-third of the senators and the entire house of representatives must stand for the re-election program.

This is the latest photograph of John Sharp Williams, United States senator from Mississippi.

## Radicals Smuggled Into U. S.

**At the Rate of 100 Per Day, According to Data Collected by House Committee**  
(By United Press)  
New York, Nov. 24—Dangerous radicals are being smuggled into the United States at the rate of one hundred a day, according to data collected by the house committee on immigration, investigating the alleged failure of the department of labor to deport alien radicals, made public today.  
Rep. Johnson, chairman of the committee, said the committee had learned Russian "reds" were pouring into Switzerland, Tokio and Yokohama, seeking means by which they may reach this country.  
Great numbers are also said to be entering Mexico on both the Atlantic and Pacific coasts, whence they are taken by Soviet agents to "guarded points on the border and brought into the states."  
The committee resumed investigation of Ellis Island today to discover every possible laxity in the administration of present laws and to determine whether there are deficiencies in existing laws on immigration which may be remedied by new legislation.

## Lake Claims Third Vessel in 3 Weeks

**Steamer Myron, Owned by O. W. Blodgett, Lost Mile and Half Off Whitefish Point**  
Sault Ste. Marie, Mich., Nov. 24—Eighteen men, comprising the crew of the lumber steamer Myron, are believed tonight to have been added to the victims of Lake Superior's fury of the past two weeks. Caught in a terrific northwester, the Myron foundered a mile and a half off Whitefish point last night and early today in four fathoms of water.

**Futile Efforts**  
Futile efforts were made by two steamers to throw lines to the men clinging to the cabin. So wild was the sea, however, that the men could not hold the lines and for their own safety the two steamers were compelled to leave the scene. Tonight coast guards are patrolling the shores of Whitefish bay for 45 miles hoping the Myron's two lifeboats will be blown ashore.  
The United States subchaser 438 also was patrolling the bay tonight for possible survivors. The beach is covered with lumber the ill-fated Myron's cargo, but not a body had come ashore up to late today. The gale continued tonight and there was but little hope that passing steamers could have picked up the lifeboats, which it is believed were swamped in the mountainous sea.

## Hope Crew May Have Reached Island

Sault Ste. Marie, Mich., Nov. 24—(United Press)—Quiet weather today permitted coast guards to leave Whitefish Point to visit Parisian Island, where survivors of the steamer Myron which went down in a heavy gale Saturday night have sought haven. This is regarded as the last hope that any of the crew of nineteen on the little lumber freighter may have been saved.

## 28 Persons Burned in Dance Hall Fire

**Fourteen Were Crushed to Death When Stairs Collapsed—14 Trapped on 2nd Floor**  
(By United Press)  
Villa Platte, La., Nov. 24—Twenty-eight dead is the toll of the fire which destroyed a dance hall here Saturday night. Fourteen were crushed to death when the narrow stairway leading from the hall collapsed and hurled a score into the street below. Fourteen others were trapped on the second floor and burned to death.  
Explosion of an oil stove in a grocery store below the dance hall caused the fire.

## Supreme Court Adjourns No Decision on 2 3-4 Beer

Washington, Nov. 24—The supreme court today adjourned until December 8 without announcing its decision as to the constitutionality of 2 3-4 per cent beer.

## Machine Guns Discovered at Kiel

Berlin, Nov. 24—Seventy-eight machine guns believed to have been intended for use in a proposed Pan-German uprising have been discovered at Kiel according to newspapers today. Authorities have started an investigation.

## Spent a Very Restful Night and is Full of Energy Today, Preparing for New Treaty Fight

**(By United Press)**  
Washington, Nov. 24—President Wilson is rapidly recovering from a nervous breakdown and today was engaged in—  
Writing a message to congress urging an extensive program of domestic legislation.  
Preparing a message to the industrial commission called to meet here December 1.  
Planning the second fight for ratification of the peace treaty and the league of nations.  
Selecting a new secretary of the treasury and a new secretary of commerce.  
Studying the coal strike situation so he will be in a position to make an attempt to prevent the wage scale conference breaking up.  
Confer at length with Secretary Tumulty on news of important subjects.  
The president spent an unusually restful night it was learned at the White House and was much rested this morning.  
He was informed that all of the seventeen men invited by him to sit at the new industrial commission probably would accept.  
The president's message to the commission, it was understood, will lay the national industrial condition before them in detail and urge speedy drafting of an industrial code to which capital and labor can subscribe.  
The main feature of President Wilson's message to congress, it was learned, probably will be an insistence on the quick passage of railroad legislation and a reiterated determination to hand the lines back to private ownership Jan. 1; strong recommendation that the necessary measures be hurried through and that the peace treaty be ratified, or legislation for increased armaments be prepared and passed.  
The president, it was learned at the executive mansion today, has not yet decided who he will name to the two vacant posts.

## French Officials Against Removing American Dead

**(By United Press)**  
Paris, Nov. 24—If the American government insists on exhuming the bodies of American soldiers buried in France, the French government probably will accede, but French official circles are decidedly against any such plan it was learned today.  
France believes it is more demonstrative to have the dead of the nations who fell in a common cause to rest together in France, it was stated. France considers it her sacred duty to care for their graves with the greatest reverence.  
The expense of exhumation also would be great, it was pointed out, and only the wealthy relatives could afford to have the bodies of soldiers brought home unless the expense was born by the government. This France declared would be sure to cause ill feelings among the poor persons.  
**Higher Pay for Military Men**  
(By United Press)  
Washington, Nov. 24—Higher pay for all men in the army and navy will be one of the first questions to be considered in the house at the beginning of the next session, leaders of the military and navy committee said today.

responsible for the escape of thirteen  
prisoners.

This was brought out at the first  
sitting of the Johnson committee at  
Ellis Island today, where inquiry is  
being made into the alleged failure of  
immigrant authorities to deport prov-  
en anarchists.

## BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

### BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place. Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

## CHANGE DATE OF HOME TALENT PLAY

"What Happened to Jones" Now to be Given Monday Evening, Dec. 1, at Park Theatre

DEFERENCE AMERICAN LEGION

Home Talent Play First Set for Nov. 28, Came Same Date as American Legion Dance

On account of two reasons, the presentation of "What Happened to Jones," has been deferred from Friday, Nov. 28, to Monday evening, Dec. 1. In the first place the American Legion dance is to be held on Nov. 28, and the show does not wish to interfere with the soldier boys' date. Then again the cast of "What Happened to Jones" wishes more time to get the lines letter perfect.

Accordingly all ticket holders will be sure to observe the new date, Monday evening, December 1, at the New Park theatre. All advertising ordered has also been changed.

A large number of tickets have been sold for the forthcoming show and a full house is assured the firemen, the play being given as a benefit for the Brainerd fire department.

## BRAINERD'S MOST POPULAR OLD MAID

Who is Brainerd's most popular old maid?

Send in your guess and receive a souvenir if you guess correctly.

So much interest has been taken in the question as to whom the honors belong as Brainerd's most popular old maid and so much time has been wasted by the play committee in answering the phone in regard to this question that they have decided to run a little contest.

All you have to do is send in your answer, sign your name and address and if you guess correctly, and you are the first one to do so, you will receive a free ticket to see "What Happened to Jones" and also the "Old Bachelor Maid".

Send in your guesses, as many as you please, by mail to the play committee, care of Brainerd City Fire Department.

### A Cheerful Recommendation

"They should be in every traveling man's grip," writes Geo. Jenner, 416 Labor St., San Antonio, Tex., of Foley Cathartic Tablets. "They are the best laxative I have taken and I cheerfully recommend them to anyone suffering with constipation or biliousness." They cleanse bowels, sweeten stomach, benefit liver. H. P. Dunn. mwf

## CLOSING DAY OF TEACHERS' INSTITUTE

Friday Morning

Miss Theda Gildermeister addressed the institute on "Seat Work," and explained the nature of the course of study.

Geo. Selke, of the State Department of Education, addressed the institute on "Things a Teacher Ought to Be."

Supt. W. C. Cobb gave information concerning the deaf and dumb school held in the Whittier building to which all were invited to spend Saturday morning in watching these children work under the direction of Miss Head.

Miss Haldie Anderson, representing the Northwestern Supply Co., and the "School Education," made a canvass at the institute.

Visitors during the morning were Miss Mabel Reed, Miss Augusta Dahle, Supt. W. C. Cobb, M. H. Deputy of the State Normal at Bemidji.

Friday Afternoon

The rural school officers and teachers held a joint meeting at the Chamber of Commerce.

M. W. Deputy of the Bemidji Normal was the first speaker of the afternoon. His topic was "The Schools and Americanism."

Rev. E. A. Cooke of the Methodist church of Brainerd followed. He gave a masterful address on "Americanism."

Miss Theda Gildermeister closed the program by telling a true Russian story of a peasant couple who dreamed of America as a land where ideals come true. Her splendid delivery moved many to tears.

The institute closed after a week of hard work but everybody appeared to have had a helpful, enjoyable time.

Shower Party

A shower party for Mrs. Lester Hitt, was given by Miss Mildred Edling last week at the home of Mr. and Mrs. C. H. Lundgren, Broadway south, who entertained. The house was decorated in blue and pink for the occasion and a most dainty luncheon was served. Mrs. Hitt now lives in Seattle where her husband is employed as train auditor with the N. P.

By the crowd present at this party and the many lovely gifts showered in, it is quite evident that her many friends have not forgotten her.

Catarrhal Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

## THE NEED OF THE HOUR

Says Roger W. Babson, financial expert:

"The need of the hour is not more legislation. The need of the hour is more religion everywhere, from the halls of Congress to the factories, mines, fields and forests. It is one thing to talk about plans and policies, but a plan and policy without a religious motive is like a watch without a spring, or a body without the breath of life. The trouble today is that we are trying to hatch chickens from sterile eggs. We may have the finest incubator in the world and operate it according to the most approved regulations; moreover, the eggs may appear perfect specimens, but

unless they have the germ of life in them, all of our efforts are of no avail."

The writer of the paragraph just quoted is not a parson or a seminary professor, or the editor of a religious journal. He is one of the best-known business men in the country. A financial expert, he sends out weekly to hundreds of business houses throughout the country what he calls a "barometer letter", reporting the judgment of his expert organization on current tendencies in business.

Mr. Babson has reached the conclusion that the Christian religion alone contains the secret of and furnishes the impetus toward a permanent composing of the differences now so acute.

"The solving of the labor situation", he writes further, "is wholly a question of religion. The wage worker will never be satisfied with higher wages and shorter hours, any more than you and I are satisfied with more profits and a bigger house."

"Things never did satisfy any one and never will. Satisfaction and contentment are matters of religion. Communities and industries, where right motives are paramount, have no serious labor problems."

## 8 STATES TO BOOST GREAT NORTHWEST

Commercial Secretaries Plan Composite Body Linking Organizations of Eight States

## FIRST SESSION IN ST. PAUL

Purpose of Meeting Explained by Fred T. Lincoln of Brainerd Chamber of Commerce (St. Paul Pioneer Press)

Plans for the promotion of a great Northwest through an association that will bring together the commercial organizations of eight states were formulated Thursday in a conference of commercial club secretaries from these states at the St. Paul Association.

It was the first conference of its kind ever held in the Northwest and the opening session was attended by more than a hundred secretaries from the different states represented.

Explaining the purpose of the meeting, Fred T. Lincoln of Brainerd said:

"We found that here in the great Northwest—the very heart of the Mississippi valley—although applying the most modern methods of community promotion being used anywhere in the country, we were not tying up this local initiative in such a way as to promote most success-

fully this entire section as a whole, thereby making more fertile the field in which the local organizations operate to increase in productiveness the Red River and the Mississippi valleys.

"The modern commercial organization is a combination of the old New England town meeting, with all of its democracy and community of interest, and the application of modern principles of private business to the promotion of the welfare of the community.

"How we may do this with the greatest efficiency is the question before us. We must make the commercial organization stronger, and to that end we want to conduct a school in methods and practice of commercial organization work.

"The big thing we have to do is to get men and women to understand that there goes with the advantages of democracy the responsibility of the citizen, and we cannot be too well prepared for that task."

Paul N. Myers, president of the St. Paul Association, opened the conference with an address of welcome.

## Tourist Travel Boost Planned

Mr. Lincoln's speech was followed by discussions of different phases of association work, led by Ralph Faxon, secretary of the Des Moines Chamber of Commerce; James S. Cady, secretary of the Minneapolis Civic and Commerce association, and E. W. Randall of the St. Paul Association. Beginning this afternoon a conference

of tourist association secretaries will be held in connection with the conference of secretaries. Measures for the promotion of travel in America and Minnesota and the Northwest in particular will be considered.

## For State Association

The Association of Minnesota Commercial Club secretaries came into being when its organization, planned to be an experience exchange, was arranged by a meeting of secretaries in the St. Paul Association rooms after the regular session of the Northwest Commercial Secretaries' association.

H. M. Stanton of the Civic and Commerce association of Bemidji acted as organization chairman. The following officers were chosen: F. T. Lincoln, Brainerd, chairman; E. C. Hackett, Rochester, vice chairman; S. V. Saxby, Hibbing, secretary; E. M. McMahon, St. Paul; J. S. Cady, Minneapolis; H. C. Hotelling, Mapleton; H. M. Stanton, Bemidji; W. L. Prince, Duluth, and Dean Price, extension division of the University of Minnesota directors.

Officers and directors will constitute the executive committee of the association. Meetings will be held on call of the committee. The time and place of meeting usually will correspond in time and place with sessions of the Northwest Commercial Secretaries' association.

## Heads the Organization

According to telegram received by R. R. Wise, Fred T. Lincoln, secretary of the Chamber of Commerce, was elected president of the eight states organization, in addition to heading the state organization.

The highest honors were paid him by members and especially by Secretary McMahon of St. Paul, who expressed a tribute to his originality, perseverance, and general ability.

## Minneapolis Bad, Bad Place

Six Spectacular Holdups Reported in a Space of 24 Hours

Minneapolis, Nov. 24—Six spectacular holdups by masked desperadoes last night brought to a climax a series of bandit exploits which within 24 hours also included a pitched battle in a swamp, a \$5,000 safeblowing, two house robberies and eight shoplifting cases.

Bullets splintering the floor about their feet brought frightened customers to instant obedience when a "wild west" bandit, brandishing two revolvers, burst into the butcher shop of William Zats, 1212 Twelfth Ave. N. A lurid red bandana covered his face.

"Shut up," he shouted. "Stick up your paws."

## "Bad Man" Misses \$150

Firing into the floor with one revolver, he menaced the men in the shop with his other weapon levelled at their faces. He advanced to the cash register, pocketed one gun, and reached nervously into the drawer. He found \$3, and fled.

Had the "bad man" searched the customers, huddled against the wall, he would have found more than \$150. Using a command he might have learned in the army, a bandit wearing a blue handkerchief over his face, stepped into a near beer saloon at 1428 Sixth St. S. and shouted "Fall in."

Further incited to rigid discipline by the weapon their visitor carried, Eric Swanson, bartender, and two customers, fell into line without delay and watched \$20 disappear from the cash register. The bandit then took the watch of each of the three and \$5 from their pockets.

## "Drinks on Me," Says the Bandit

Then laying 15 cents on the bar, he said: "The drinks are on me, gentlemen, but you'll have to excuse me, for I'm in a hurry."

Two masked bandits entered Fred Larson's grocery, 808 Sixteenth Ave. S. and held up the proprietor and his daughter, Victor Christenson, 15, living at 1418 Seventh St. S., entered while the two were taking \$15 from the till and was told to "stretch." He threw up his hands.

Mr. Larson told the police he took a revolver from beneath the counter and tried to fire on the two men after they left the store, but that the weapon would not work.

## Chauffeur Robbed of \$20

Samuel Greenspoon, chauffeur for a motor cab company, was held up by two passengers early today after he had taken them to St. Paul and back and robbed of \$20.

Thieves smashed the windows of the F. Zechlin meat shop, 804 Washington Ave. S. E., but failed to escape with four hams, which they dropped when a policeman gave chase.

## Other holdups and thefts were:

J. A. Hollstad, 623 East Thirty-second St., held up by two masked men. Lost \$2.50 and watch.

C. J. Cook, 415 Walnut St. S. E. and family entered their home to find

MINNEHAHA  
PALE and SPECIAL

(Light)

(Dark)

A thoroughly fermented, aged, and finished product entirely free from fermentable sugars. It is a perfect barley and hop brew from which the alcohol *only* has been extracted.

\* Corn, rice, and sugar, known as raw materials, are not used in the manufacture of our beverage. Our new de-alcoholizing equipment enables us to extract the alcohol without in any way impairing or disturbing the flavor, aroma, color, nourishment, and snap of the beverage.

This is the first and only introduction of this complete new one-operation method in the Northwest and the second in the United States. The result is a most palatable beverage which is the ideal drink both for hot and cold weather.

It can be consumed in quantities and leaves you bright and refreshed, and will never leave a distressed or heavy feeling.

When ordering insist on being served MINNEHAHA PALE or MINNEHAHA SPECIAL. You will be astonished when comparing this new product with any other cereal beverage, including our old beverage.

It contains more nourishment than the old brew, and its regular use will stimulate your appetite.

## 17TH ANNIVERSARY OF EAGLES NOV. 26

Brainerd Aerie of Fraternal Order of Eagles to Celebrate with Banquet, Program, Dance

### AT CITIZENS STATE BANK HALL

Mayor F. E. Little Master of Ceremonies, Principal Address by Rev. Father J. J. O'Mahoney

The seventeenth anniversary of Brainerd Aerie of the Fraternal Order of Eagles will be celebrated in imposing manner on Thanksgiving eve, November 26, at the Citizens State bank hall with a banquet, program and dance, members and their families attending.

This anniversary entertainment is one of the red letter days in the history of the local order and as one member remarked, "It's worth a whole year's membership just to be able to attend."

The committee in charge, being: Chairman A. P. Drogseth, and B. E. Dunham, S. R. Adair, A. C. Ebert, Alderman W. J. Lyons and H. M. Anderson has prepared a fine program in which Mayor F. E. Little will officiate as master of ceremonies and Rev. Father J. J. O'Mahoney, of St. Francis Catholic church, will deliver the address of the evening.

#### The Program

The evening's program starts at 9 o'clock, and is as follows:

Toastmaster, Hon. F. E. Little. Opening number by Tibbitt's orchestra.

Song by Mrs. Mal D. Clark, accompanied on piano by Mrs. Walter F. Wieland.

Oration by Rev. Father J. J. O'Mahoney.

Song by quartet, S. P. Alderman, A. C. Mraz, G. S. Swanson and John Bye.

Violin solo by V. A. Hibbard, accompanied on piano by Mrs. V. A. Hibbard.

Piano solo by Miss Alice Johnson, daughter of Mr. and Mrs. O. B. Johnson.

Orchestral number, Rehl-Witham orchestra.

The Rehl-Witham orchestra will play during the serving of the banquet and Tibbitt's orchestra for the dance. Mrs. George R. West will be the caterer and the menu includes turkey, oysters, etc.

#### The Menu

This menu was announced by Mrs. West:

Oyster Cocktails  
Roast Young Turkey with Dressing  
Cranberry Sauce  
Whipped Potatoes Glibet Gravy  
French Peas  
Cold Roast Pork  
Olives Dill Pickles  
Cabbage Salad  
White and Graham Bread  
Ice Cream Assorted Cake  
Coffee

#### FORD HAS KICK OF MULE

Hind Wheels Toss Gravel Across the Street and Smash 4 Plate Glass Windows

That the Ford has the kick of a mule for power and distance was shown when the driver of Dr. Roy Williams, chiropractor, performed the stunt and broke four big plate glass windows at Turcotte Brothers coal and feed store.

The driver had been jacked up and was running, standing at the curb across the street from the coal office. Something slipped and the chains caught up a lot of stones, gravel, etc., and shot it fifty feet, peppering the plate glass. Four are cracked, damages \$350, plus \$10 each to replace cost of setting. The plate glass is fully insured.

## DISTRICT COURT PROCEEDINGS

Jury in Gardner vs. Brainerd Publishing Co., Retired to Deliberations in Morning

### THE SUIT MARKS THIRD TRIAL

Case of Tarasin vs. Soo Railway is on Trial This Afternoon Before Judge B. F. Wright

In district court the case of George H. Gardner vs. the Brainerd Publishing Co., went to the jury at 11 o'clock in the morning. It is the third trial brought by plaintiff who claims \$308 due for rent of quarters in the Gardner block.

Robert Boganovich, charged with arson in the third degree, was arraigned before Judge B. F. Wright, and pleaded not guilty. He with two others was charged with setting fire to a building at Ironton and he was taken in custody at Hibbing and brought to Brainerd.

The case of Sam Tarasin vs. Minneapolis, St. Paul & Sault Ste Marie Ry. Co., concerning a land deal, is on trial this afternoon.

Severance & Severance of Crosby, represent the plaintiff and John L. Erdal and Walter F. Wieland the defendant.

## NEW FUEL ORDERS ARE PROMULGATED

All Retail Dealers Must Refuse Deliveries to Anyone Having One Week's Supply

### COAL MUST BE CONSERVED

Telegram Sent all Railway Agents of Division by Superintendent W. H. Strachan

Federal control of the coal situation has been further exemplified by this telegram, sent all railway agents of the Lake Superior division of the Northern Pacific railway company by Supt. W. H. Strachan:

"We are hereby instructed by chairman of the fuel administration to have local agents advise all retail dealers that it has been necessary for the northwestern region coal committee to make the following rules:

"In order to conserve to the utmost the supply of bituminous coal in cars now in possession of the government it is necessary to place further restrictions on deliveries to retail dealers and their deliveries to customers. It is no longer possible to release to dealers particular grades which their trade demands.

"Retail dealers must refuse to make deliveries to anyone having on hand one week's supply."

### HAVE YOU ALL YOUR LUGGAGE?

Hundreds of Tons of Lost Baggage on Docks at Hoboken.

#### N. J.

The following notice has been received by the chairman of the Home Service Section, Brainerd Chapter, American Red Cross, with the request that it be given a great deal of publicity:

National headquarters has called attention to the fact that there are at present approximately 150,000 pieces of lost baggage belonging to members of the A. E. F. on the government docks at Hoboken, N. J., consisting of 20,000 trunk lockers, 15,000 bed rolls, 5,000 suit cases and 110,000 barracks bags, which have come from overseas and remain unclaimed by their owners.

Much of this baggage is marked with the name only and cannot be forwarded to the owner. In all cases a new shipping address is required. All owners of lost baggage should be advised to send their claims and pre-

sent addresses to the "Lost Baggage Branch, Pier No. 2, Hoboken, New Jersey," with an accurate description of missing property.

A complete card index there permits prompt identification and the baggage will be forwarded by express at government expense if on hand at Hoboken.

The Red Cross desires to assist each man from overseas to recover his lost baggage as well as to help the government to dispose of this enormous accumulation.

# No T. N. T. for Farmers

(Special Telegram to Brainerd Dispatch from Col. A. A. White.)

Kalispell, Mont., Nov. 22—Meeting called off, no TNT available. A meeting of farmers and others interested in securing TNT from the government which had been called by Col. White for Dec. 2, Saturday afternoon, at the opera house, has been canceled as Senator H. L. Myers has satisfied the colonel that not any of the explosive is available.

Reports were current that the government had in its possession \$50,000,000 worth of this explosive which was to be dumped into the Atlantic ocean and Colonel White wired President Wilson and Senator Myers and others in Washington that he would pay transportation charges on several carloads of TNT.

The following from Senator Myers to Col. White satisfactorily explains his inability to furnish the explosive as required and Col. White considers no blame attached to Senator Myers and the war department.

On the information received, no further effort will be made by Col. White to secure explosives. The following telegrams he received from Senator Myers are self-explanatory:

"Your two telegrams about your desire to obtain a supply of blasting powder for yourself and farmers of Flathead county have been received. This morning I am in receipt of your letter of the tenth. This is not the first attempt I have made to obtain from this government blasting powder for farmers to be used in clearing land. A few weeks ago I took up the matter with the secretary of the interior in control of the government's supply. I learned then from him that none could be had for private purposes.

"To begin with, the report that the government has a large amount of explosives is erroneous. I am informed the government has comparatively little and that all that is not needed by the war department will be turned over to the states for road work.

"At that time I was unable to get any, nevertheless upon receipt of your first telegram, I took up the matter with the interior department, the War and the Agricultural departments and was unable to get any from them. I was again informed that there was comparatively little on hand and that what the War Department had not need of would be used for road work, but that none would be donated or sold to private parties for any private use.

"I regret that I am not able to accommodate you and the Flathead farmers, but these are the facts as I got them.

"I know reports have gone around the country that the government has thousands of tons of explosives, but I am told by the government officials it is not true. I would try to get a supply for you and the Flathead farmers, but am not able to do so."

## Who Gets the Profit from Rents?

The owner, of course, else why should he build? Furnishing homes for others is not philanthropy with the average investor who rightfully expects a profit.

If rent brings profit to a landlord, why not be one yourself? Why not build a home to suit your needs and desires? Then let your rent apply on the purchase.

We can help you select the right design, the most economical materials and a reliable builder. And, if you like, we'll be glad to put you in touch with those who will help you with the finances.

## Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness. If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddled complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.
